

Call for Participation

We invite you to join us in **15th International Conference on Control, Modelling, Computing and Applications (CMCA 2026)**

The **15th International Conference on Control, Modelling, Computing and Applications (CMCA 2026)** provides a leading international forum for the presentation and exchange of state of the art research, innovative methodologies, and emerging trends in control engineering, advanced modelling, intelligent computing, and their diverse applications. As engineering systems become increasingly autonomous, interconnected, and data driven, CMCA 2026 brings together researchers, industry professionals, and practitioners to address the challenges and opportunities of next-generation control strategies, computational approaches, and modelling frameworks that are shaping the future of intelligent systems and engineering practice.

Highlights of CMCA 2026 Include:

- 7th International Conference on Big Data, Blockchain and Security (BDBS 2026)
- 18th International Conference on Networks & Communications (NeCoM 2026)
- 15th International Conference on Software Engineering and Applications (SEAS 2026)
- 12th International Conference on Computer Science, Information Technology (CSITEC 2026)
- 12th International Conference on Signal Processing (SP 2026)
- 13th International Conference on Advanced Computing (ADCO 2026)
- 7th International Conference on Data Mining & Machine Learning (DMML 2026)
- 7th International Conference on NLP & Information Retrieval (NLPI 2026)

Registration Participants

Non-Author/Co-Author/ Simple Participants (no paper)

100 EURO for Online (Without Proceedings)

490 EURO for Face to Face (With Proceedings)

Here's where you can reach us : cmca@adco2026.org (or) confcmca25@yahoo.com
